

# Cookie Policy

Last Updated: October 23, 2025

Our website <https://cycode.com/> (the “**Website**”) each uses cookies and similar files or technologies to automatically collect and store information about your computer, device, and Website usage, in order to improve their performance and enhance your user experience. We use the general term “**cookies**” in this policy to refer to these technologies and all such similar technologies that collect information automatically when you are using our Website where this policy is posted.

You can find out more about cookies and how to control them in the information below. You can manage your consent and choices directly through the cookie banner displayed when you visit our Website, including selecting “Accept All Cookies,” “Reject All Cookies,” or customizing your preferences in “Cookies Settings.” If you do not accept the use of these cookies, please disable them using the instructions in this Cookies Policy, by adjusting your preferences in the Cookie Settings tool available on our Website or by changing your browser settings so that cookies from this Website cannot be placed on your computer or mobile device.

Important: Some cookies are strictly necessary for the Website to function properly (for example, those that enable page navigation, security, and access to secure areas). Because the Website cannot function properly without these cookies, they cannot be switched off in our systems. Other categories of cookies (such as analytics, functionality, or marketing cookies) are optional and can be disabled without affecting core functionality, although certain features or personalization may not work as intended.

In this Cookie Policy, we use the term Cycode (and “**we**”, “**us**” and “**our**”) to refer to Cycode Ltd. and our affiliates. Our Privacy Policy is available at <https://cycode.com/privacy-policy/>.

## What is a cookie?

Cookies are computer files containing small amounts of information which are downloaded to your computer or mobile device when you visit a website. Cookies can then be sent back to the originating website on each subsequent visit, or to another website that recognizes that cookie. Cookies are widely used in order to make websites work, or to work more efficiently, as well as to provide information to the owners of the

website. Cookies do lots of different jobs, like letting you navigate between pages efficiently, remembering your preferences and generally improving the user experience. Cookies may tell us, for example, whether you have visited our Website before or whether you are a new visitor. There are two broad categories of cookies:

1. **First Party cookies**, served directly by us (Cycode) to your computer or mobile device.
2. **Third Party cookies**, which are served by a third party on our behalf. We use third party cookies for functionality, performance / analytics, marketing, unclassified and other technologies, and social media purposes.

Cookies can remain on your computer or mobile device for different periods of time. Some cookies are 'session cookies', meaning that they exist only while your browser is open. These are deleted automatically once you close your browser. Other cookies are 'permanent cookies', meaning that they survive after your browser is closed. They can be used by websites to recognize your computer when you open your browser and browse the Internet again.

### **What are web beacons?**

Web beacons, or "clear gifs", are tiny graphics with a unique identifier, similar in function to cookies. Web beacons are placed on a website or in an email that alone or in conjunction with cookies compile information about your usage of or your interaction with the Services. In contrast to cookies, which are stored on a user's computer hard drive or device, clear gifs are embedded invisibly on web pages. Similar to cookies, beacons primarily help us better manage content on our Services by informing us which content is effective. If you don't want your cookie information to be associated with your visits to these pages, you can set your browser to turn off cookies as described further below. If you turn off cookies, web beacons and other technologies will still detect your visits to our Website; however, they will not be associated with information otherwise stored in cookies.

### **How do we use cookies?**

We use cookies to:

1. track traffic flow and patterns of travel and behavior in connection with our Website;
2. understand the total number of visitors to our Websites on an ongoing basis and the types of internet browsers (e.g. Chrome, Firefox, Safari, or Internet Explorer) and operating systems (e.g. Windows or Mac) used by our visitors;
3. monitor the performance of our Website and to continually improve it;
4. in connection with our marketing and advertising efforts; and
5. customize and enhance your online experience.

### What types of cookies do we use?

The types of cookies used by us in connection with the Website can be considered “strictly necessary”, “performance or analytics cookies”, “marketing / targeting”, and “unclassified”. We’ve set out some further information below about each category.

#### 1. Cookies strictly necessary for website purposes

These cookies are strictly necessary to provide you with services available through the Website and to use some of its features, such as access to secure areas. These cookies cannot be switched as without them we will not be able to provide essential website services.

| Name            | Owner       | Lifespan | Purpose                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|-----------------|-------------|----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| __cf_bm         | Third party | 0 Days   | A cookie necessary to support Cloudflare Bot Management, currently in private beta. As part of our bot management service, this cookie helps manage incoming traffic that matches criteria associated with bots.                                                                                                                                                                                                                                                                                                                                    |
| OptanonConsent  | Cycode      | 364 Days | This cookie is set by the cookie compliance solution from OneTrust. It stores information about the categories of cookies the site uses and whether visitors have given or withdrawn consent for the use of each category. This enables site owners to prevent cookies in each category from being set in the users browser, when consent is not given. The cookie has a normal lifespan of one year, so that returning visitors to the site will have their preferences remembered. It contains no information that can identify the site visitor. |
| KC_RESTART      | Cycode      | SESSION  | This cookie name is associated with Keycloak which is used in the authentication flow to begin a new authentication flow if something happens and the flow needs to be restarted.                                                                                                                                                                                                                                                                                                                                                                   |
| AUTH_SESSION_ID | Cycode      | SESSION  | This cookie name is used to authenticate users in the portal at the end of the browser session.                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

|                       |             |          |                                                                                                                                                                                                                                                                                                                                                                                              |
|-----------------------|-------------|----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| dtCookie              | Third party | SESSION  | This cookie name is associated with software from Dynatrace, an application performance management (APM) software company. Their software manages the availability and performance of software applications and the impact on user experience in the form of deep transaction tracing, synthetic monitoring, real user monitoring, and network monitoring.                                   |
| _cfuid                | Third party | SESSION  | Used by Cloudflare to distinguish individual users who share the same IP address for the purpose of enforcing rate limiting rules.                                                                                                                                                                                                                                                           |
| GTOKEN                | Third party | SESSION  |                                                                                                                                                                                                                                                                                                                                                                                              |
| OptanonAlertBoxClosed | Cycode      | 364 Days | This cookie is set by websites using certain versions of the cookie law compliance solution from OneTrust. It is set after visitors have seen a cookie information notice and in some cases only when they actively close the notice down. It enables the website not to show the message more than once to a user. The cookie has a one year lifespan and contains no personal information. |
| __cf_bm               | Cycode      | 0 Days   | A cookie necessary to support Cloudflare Bot Management, currently in private beta. As part of our bot management service, this cookie helps manage incoming traffic that matches criteria associated with bots.<br>This is a CloudFoundry cookie                                                                                                                                            |
| nitroCachedPage       | Cycode      | SESSION  | This cookie name is used to set the cached status of the viewed page for Nitropack page optimizations, which speeds up page delivery.                                                                                                                                                                                                                                                        |
| _zitok                | Cycode      | 364 Days | This cookie name is associated with ZoomInfo which is used to maintain a unique visitor identifier and store Personally Identifiable Information.                                                                                                                                                                                                                                            |

## 2. Performance or Analytics Cookies

We use performance/analytics cookies to analyze how the website is accessed, used, or is performing. We do this in order to provide you with a better user experience and to maintain, operate and continually improve the website. For example, these cookies allow us to:

1. Better understand our website visitors so that we can improve how we present our content;
2. Test different design ideas for particular pages, such as our homepage;
3. Collect information about Website visitors such as where they are located and what browsers they are using;
4. Determine the number of unique users of the website;
5. Improve the website by measuring any errors that occur;
6. Measuring campaign effectiveness; and
7. Conduct research and diagnostics to improve product offerings.

| Name                  | Owner  | Lifespan | Purpose                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|-----------------------|--------|----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| _ga                   | Cycode | 399 Days | This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports. By default it is set to expire after 2 years, although this is customisable by website owners. |
| _ga_XXXXXX<br>XXX     | Cycode | 399 Days | Used by Google Analytics to identify and track an individual session with your device.                                                                                                                                                                                                                                                                                                                                                                                                                   |
| _uetvid               | Cycode | 389 Days | This is a cookie utilised by Microsoft Bing Ads and is a tracking cookie. It allows us to engage with a user that has previously visited our website.                                                                                                                                                                                                                                                                                                                                                    |
| _gid                  | Cycode | 0 Days   | This cookie name is associated with Google Universal Analytics. This appears to be a new cookie and as of Spring 2017 no information is available from Google. It appears to store and update a unique value for each page visited.                                                                                                                                                                                                                                                                      |
| _hjSession_x<br>XXXXX | Cycode | 364 Days | A cookie that holds the current session data. This ensures that subsequent requests within the session window will be attributed to the same Hotjar session.                                                                                                                                                                                                                                                                                                                                             |
| __hssrc               | Cycode | SESSION  | This cookie name is associated with websites built on the HubSpot platform. We have categorized it under Functionality because it is necessary for the operation of our affiliate program.      |

#### 4. Marketing or Targeting Cookies

We use marketing cookies set by our advertising partners to collect information about Your browsing activities and website interactions to provide You with personalized advertisements that are relevant to your interests; to analyze the effectiveness of ad campaigns and build targeted audiences for future targeted advertising purposes. Please note that targeting cookies are only used on our Website, and not on our Platform, and you are entitled to manage your consent regarding such cookies as described below.

Please be aware that third parties, including external social media platforms and advertising networks, may use the data collected through marketing cookies on our Website for their own advertising purposes. This means that:

- Third parties, including social media platforms, can combine the data collected from our Website with data collected from other sites to build a profile of your interests.

- They may use this profile to deliver targeted advertisements to you on other websites and social media platforms.
- These third parties have their own privacy policies and practices, which are not controlled by us. The interaction and information obtained through this Website are always subject to Your privacy settings for each social network. You may also log out from the respective services in order to make sure that the processed data on this Website isn't being connected back to Your profile. We encourage you to review the privacy policies of these third parties to understand how they handle your data.

### Unclassified Cookies

From time to time, new cookies may appear on our Website that have not yet been fully categorized. These are referred to as “unclassified cookies.” They are typically used as part of product testing or when new features are introduced. We will update this Cookie Policy and the Cookie Settings tool to provide details about these cookies once their purpose is confirmed.

### Legal Basis for Using Cookies

We use strictly necessary cookies based on our legitimate interest in ensuring the Website functions properly (for example, enabling page navigation, security, and access to secure areas). All other categories of cookies (such as performance/analytics, functionality, and marketing/targeting) are only used with your consent, which you can provide and manage through the cookie banner and Cookie Settings.

## How to Control or Delete Cookies

When you visit our Website, you are presented with a cookie banner that allows you to manage your preferences. Through this banner, you can choose to “Accept All Cookies,” “Reject All Cookies,” or customize your selections by category (e.g., strictly necessary, performance/analytics, functionality, and marketing/targeting) in the “Cookie Settings.” You can revisit and update these preferences at any time by selecting the “Cookie Settings” link available on the banner of our Website.

Most browsers also allow you to change your cookie settings. These settings will typically be found in the “options” or “preferences” menu of your browser. In order to understand these settings and learn how to use them, please consult the “Help” function of your browser, or the documentation published online for your particular browser type and version.

Please note that, as explained above, **strictly necessary cookies cannot be disabled** because they are essential for core Website functionality (such as page navigation, security, and access to secure areas). Disabling other categories of cookies may affect your experience or limit certain features, but the Website will still be usable.

The following pages have information on how to change your cookies settings for different browsers:

1. [Cookie settings in Chrome](#)
2. [Cookie settings in Firefox](#)
3. [Cookie settings in Internet Explorer](#)
4. [Cookie settings in Safari](#) and [iOS](#)

## No Obligation to Consent

You are not under any legal or contractual obligation to consent to the use of cookies that are not strictly necessary. If you choose not to provide consent, or if you withdraw it at any time, the Website will remain accessible and usable; however, certain features, functionalities, or personalized content may not be available or may not work as intended.

## Third Party Cookies and Websites

Some cookies on our Website are placed by third parties (for example, analytics, functionality, or advertising providers). These third parties may process information about you in accordance with their own privacy policies, which are outside of our control. We encourage you to review the privacy policies of these providers directly to understand how they handle your information.

In addition, when using our Website you may be directed to other websites. These websites may use their own cookies. We do not have control over the placement of

cookies by other websites you visit, even if you are directed to them from our Website. If you use the buttons that allow you to share products and content with your friends via social networks like Google, X and Facebook, these companies may set a cookie on your computer memory. You can find out more information in their privacy policies:

- [X](#)
- [Google](#)
- [Facebook](#)

### **Who is the Controller of Your Data?**

For cookies and similar technologies placed directly by us, the data controller is Cyscale.

Some cookies on our Website are placed by third parties (such as Google, LinkedIn, Facebook, or HubSpot). Where these third parties use cookies for their own independent purposes, they act as separate controllers of the personal data they collect. We encourage you to review their privacy policies directly to understand how they process your information.

### **Need More Information?**

If you would like to find out more about cookies and their use on the Internet, you may find the following link useful: [All About Cookies](#).

**Cookies that have been set in the past:** If you have disabled one or more Cookies, we may still use information collected from cookies prior to your disabled preference being set, however, we will stop using the disabled cookie to collect any further information.

### **Updates to this Policy**

We may update our Cookie Policy from time to time for operational, legal or regulatory reasons. You can revisit this page if you wish to keep yourself informed.

### **Contact Us and Further Information**

For more details about how we process personal data, including the legal bases we rely on, the types of data we collect, and your privacy rights, please see our [Privacy Policy](#).

If you have any questions or comments about this cookies policy, or privacy matters generally, please contact us via email at [privacy@cyscale.com](mailto:privacy@cyscale.com).
